Dear Stuart,

A belated note to let you know how much we are loving the house! We've already hosted countless family reunions, birthday celebrations, slumber parties and fun weekends. Building the house has been one of the best decisions we've ever made. It really is beautiful, and you are welcome to bring clients to see it - just call first to make sure we're there. Thanks again, and we hope to see you soon.

Sincerely,

Allen
